HURLEY GOES TO EUROPE TO ARRANGE FOR BRINGING OUR MEN BACK TO UNITED STATES

(BY A. P. NIGHT WIRE)
NEW YORK, Nov. 15.—Edward N. Hurley, chairman of the United States Shipping Board, announced here tonight on the eve of his departure for Europe that the government intends to return to this country speedily a large part of the American Expeditionary Forces. The purpose of Mr. Hurley's trip to Europe is to arrange the details for their transportation.

Mr. Hurley said the Shipping Board would be able to bring troops back at the rate of 300,000 a month. The War Department wants them returned as fast as that. "He would meet Gen. Pershing at American field headquarters," he added, to discuss the details of their home-coming.

While he will go abroad with Herbert Hoover, Federal Food Administrator, to co-operate in arrangements for the shipment and distribution of foodstuffs to regions liberated under the armistice terms and in a degree later to be determined to Germany and Austria, Mr. Hurley said his mission had primarily to do with "getting the boys back home."

Conveniently, including many men who would have returned to the battle front had the war continued, would be the first troops brought out of France, he said. They would be followed by units of various branches of the service, following plans already partly worked out by Secretary Baker and the General Staff.

Future developments in the international affairs of Germany and Austria and their relations with the Allies, the shipping official added, together with the trend of European events in general, would determine the number of troops to be sent to this country within the next few months, but he was prepared to state, to transport large contingents.

There are sixty-seven transports flying the American flag, Mr. Hurley said, and it is hoped that these, with German and Austrian liners, the shipping official added, would be sufficient to bring American soldiers home as rapidly as the military authorities desire.

If their capacity proves inadequate, he added, the Shipping Board has 125 double-deck cargo vessels, some of which can be transformed for transport work. He is reluctant, however, to withdraw these from freight service except in an emergency.

Hurley said he would take up with the Allied Maritime Transport Council in London, which in turn would confer with the German and Austrian maritime authorities, the question of utilizing some of the idle tonnage of the Central Powers.

There were fifteen liners at Hamburg and Bremen, he stated, and ten or fifteen in Austrian ports, which could carry in the aggregate 100,000 men on the voyage to American ports, returning with food or other necessary cargoes.

British transports, he stated, which have carried 60 per cent of the American troops bound overseas since the military programme was increased last summer, will be utilized to convey British dominion and colonial troops back to their home countries.

Mr. Hurley said that present plans call for his return with Mr. Hoover before Christmas. They will sail on the Olympic tomorrow, going first to London for a three-day conference with food and shipping officials. From there they will go to Paris to meet authorities of the Allied and American governments in direct touch with the rationing and shipping situation on the continent.

Commenting on the government's plan to continue the emergency shipbuilding programme to help make up the world's deficit of 10,000,000 tons brought about by the ravages of war, Mr. Hurley said American yards will produce 150 vessels of 1,000,000 tons aggregate during November and December.

Another 400,000 tons of cargo carriers will be released, he added, by completion on or before January 1 of voyages in the nitrate trade which will be discontinued as a result of the cessation of munitions making on a large scale.

Mr. Hurley declared that his board hopes to return ships in the service of the War Department and ships under its own charter engaged in government trade, to the regular commercial channels within a year. The Shipping Board would continue, he asserted, its policy of paying American wages and would conduct a country-wide propaganda to attract men to the merchant marine. A feature of this plan, he said, is the preparation of a text-book on shipbuilding and shipping which will be introduced in the public schools.

"Hoping spent billions in building an American merchant marine," declared Mr. Hurley, "with ships equipped with quarters fit for American men, we propose to carry on the work we have begun. All that we ask is that manufacturers take advantage of their opportunity and provide the cargo necessary to keep these vessels at sea."

MILLION MEN IN FLEET.
He predicted that within five years 1,000,000 men will be engaged in operating the merchant fleet, including officers and seamen, ship-

NO BANISH EX-KAISER.

Wilhelm and Heir to be Guarded.

BY ARTHUR SEARS HENNING.

WASHINGTON, Nov. 15.—The best available information here on the probable fate of the Hohenzollerns is that the Entente Powers will insist that the former German Emperor and former Crown Prince be required to reside at some point remote from Germany and possibly that no son or brother of Count William Hohenzollern be permitted to reside in Germany.

One proposal made today was that the Entente Powers and the United States impose on the two arch conspirators against civilization a sentence of perpetual exile, to be executed on the island of Heligoland, which would be occupied by British and American forces as police guards for the period of the natural lives of the former Emperor and his heir, and at whose deaths the possession of the island would revert to Germany.

It was declared that, guarded by American, French, English and Italian troops, the Hohenzollerns would be actually as remote from Germany as if they were at St. Helena, although the latter would be in Germany, and that their confinement to Heligoland would make of them a spectacle for the contemplation of the whole world.

While it would not remove them, so far as to erect a halo of martyrdom over them. There is declared to be precedent and warrant for any treatment of the Hohenzollerns which might be prescribed by the Allies, and for the removal of the Hohenzollerns to a remote point in Germany. There have been suggestions also that Ludendorff and Von Hindenburg be exiled to the same point.

SAN FRANCISCO, Nov. 15.—California as far south as the Tehachapi gets a small part of the heavy storm that raged today over Puget Sound, eastbound. About half an inch of rain fell in the northern part of the state.

Unless another part of the big Puget Sound storm, coming up out of the Pacific, which has not been reported, trails along California way, there will be fair weather tomorrow, G. H. Wilson, United States district weather observer, said.

Stockmen and farmers all benefited from the rains, except a few rice growers who have not planted their crops.

PEACE CONGRESS DELAYED.

Convening of Tribunal to Follow Closely Absolute Control of Enemy Nations.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Nov. 15.—Entente diplomats declared today that the world peace conference cannot begin until there has been complete occupation by Allied forces of positions in Bulgaria, Turkey, Austria, Hungary and Germany as directed in the various armistice conclusions reached by the military commanders of the victorious armies.

Complete occupation, it was explained, does not mean merely the arrival of Allied troops at the positions designated, but the institution also of administrations and the absolute removal of enemy menace to the continued occupation so long as may be considered necessary to guarantee the full and unquestioned execution of conditions of peace that are to be dictated to the enemy powers.

Beyond that point the convening of the peace tribunal will not be delayed. It is recognized that the propaganda already begun by the Central Powers to awaken sympathy for their peoples in the Allied countries and in America especially carries in it a danger which must be reckoned with and another consideration of the profoundest significance is held to be the possibility of labor agitators in the Allied countries demanding the demobilization of armies and return to a peace status.

CHAOS MIGHT GROW.
A third element contributing to the general desire to convene the conference at the earliest moment possible is the apprehension that long delay may add to the chaotic conditions in the enemy countries and instead of serving the demer-

its, it is to be expected that the First and Second (regular) divisions and the Twenty-sixth (New Zealand) Forty-second (Hainbow) and Forty-first (Sunset) National Guard divisions would be the first to be sent home.

Mr. Hurley's reference to employment of idle German shipping to expedite the return of the troops was considered here as looking ahead several months. Undoubtedly the German ships will be used to transport food to Europe and on their trips to this country could be used to move troops. As the ships have been idle since early in the war, it is thought considerable time will be required to get them in condition for service.

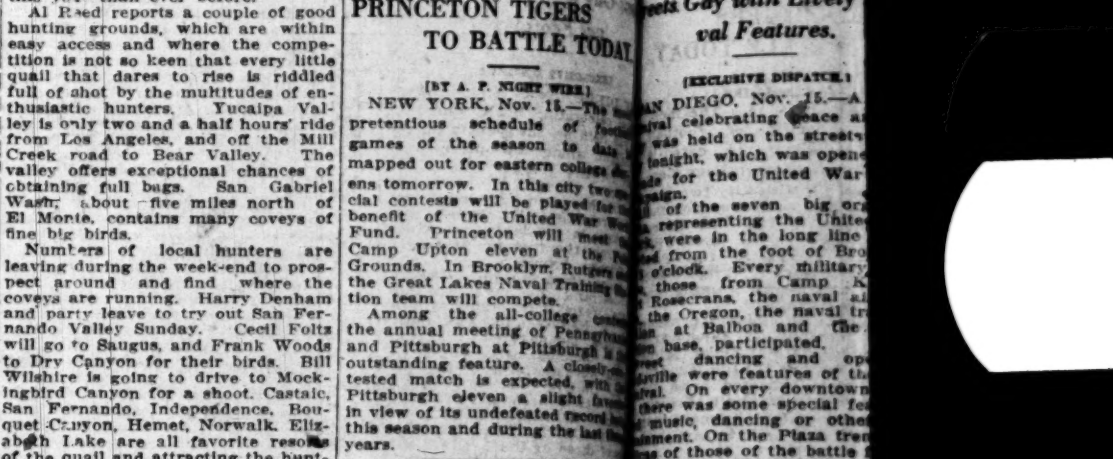

SHIPS TO BE HELD.
American-owned vessels requisitioned by the Shipping Board will not be turned back to private owners until the food emergency in Europe and Russia has been passed, an official of the board said today. He added that the vessels would be held for nine months or a year before their return is considered.

FOG MARKS QUAIL OPENING

The quail and rabbit season opened yesterday with multitudes of hunters on the ground ready for their share of the game. On account of the heavy fog, which did not lift till late, the coveys were easily lost when spotted, and sportsmen were lucky to bring in a mess of the birds. The majority will go out over Sunday and cover the territory locally and up the coast, and ought to have the best of luck, as there are more and better birds this year than ever before.

Leut.-Col. John J. Mudgett, one of the officers designated by the government to establish a military camp at American Lake, who was accompanied by soldiers from the 3rd and 4th regiments in active command of his regiment, the Third Hundred and thirty-fourth Infantry, is well on the way to recovery, it was announced last week. He is recovering remarkably here at No. 206 North Second street. The colonel, who has been in service for over twenty years, is the senior instructor and inspector-instructor of the Montana Cavalry School at Helena. Previously he had been on detail during the war, and was in the trenches as a leader. His present wound, which was in the hip, was received during fighting in the Argonne Forest.

letter recently received from P. E. Johnson, associate counsel of the Title Insurance and Trust Co., New York, advised that E. Smith, residing at No. 644 St. Thirty-sixth street, this city, had been notified by the War Relocation Authority that he had been wounded in battle and was being treated in a hospital somewhere in France. Mr. Johnson entered the artillery branch of the service in the month of July, 1917, in the One Hundred Forty-third Field Artillery, stationed at Camp Kearny. In May of 1918, he was sent to France, along with others, by the superior orders, as one of those to be sent to France ahead of the regiment for placement in the front line on arrival in France. In July, 1918, he became a member of Battery C, 143rd Field Artillery, and remained in for many months on the front line. In a letter dated October 12, 1918, he states that at 11 o'clock on the morning of October 10, while carrying ammunition through a heavy shellfire on a very dark night, he was struck in the right leg by a fragment of a high explosive shell. He was immediately taken to a hospital, where an operation was performed and the fragment removed. In a letter dated October 18, he reports that he was in the hospital, but is recovering sufficiently to walk, and hopes that "he will soon be back to the front." He further states that he expects to be back home about six months.

THE CITY RAINBOW FIRST DIVISION HOME.

Will Open Church. St. Mark's Episcopal Church, Glendale, will be opened tomorrow at 11 o'clock with a service of patriotism and thanksgiving for deliverance from the epidemic that has swept over the land and for the termination of hostilities in the war zone. Dr. George H. Cornell will preach on "The Prince of Peace" and the full vested choir will render patriotic music.

To Open Playgrounds. The Municipal Playground Commission has decided to open nine city playgrounds for winter amusement as soon as general assemblages of people are allowed by the health authorities. The playgrounds to be opened will be Normal Hill Center, Violet-street grounds, Echo Park playground, Exposition Park playground, Hazard playground, Salt Lake playground, Custer-avenue playground and Highland.

For Bigger Exhibit. The Santa Monica Beach Association yesterday completed its plans for making a more extensive exhibit at the California Liberty Fair than was previously arranged. It is also opening its big winter campaign to attract tourists and permanent residents to Santa Monica, and has just issued 50,000 hand-colored illustrated folders, which will be circulated in the East and Middle West, setting forth the attractions of the Santa Monica Bay district and Santa Monica Beach in particular.

AMERICA AND ENGLAND LEAD.

Our Part in Reconstruction Told by Bishop.

Nations Must Demonstrate to World Their Ideals.

Individual Freedom will be Aim of the Future.

The United States and England must lead in the work of social reconstruction following the war, according to the Right Reverend Dr. Henry Russell Wakefield, bishop of Birmingham, Eng., who during an informal visit to the Children's Commerce yesterday addressed the board of directors of that organization.

The bishop has been touring Canada, appearing before many civic, social and commercial bodies of the Dominion, and to come West Coast to fill a large number of similar engagements. The prevalence of influenza, however, has prevented him from attending to the duties of his office. He will leave tomorrow without being able to fill the engagements planned for him in Los Angeles.

Discussing the coming reconstruction, the bishop declared that England and America should demonstrate to the world their principles and ideals, for guidance in rebuilding a universe that will be free from war and give individuals the largest freedom.

The aim of education, the bishop said, should be to fit the individual for good citizenship, and it is better to spend money in the making of capable citizens than in supporting the incapable.

The bishop said that his government and all England celebrated the United States for its important participation in the war, and in the years to come we would find that warm personal and national friendships had been cemented between the two peoples. American soldiers had been together in the trenches.

FOR MERRITT TRIAL.

Cause Against Pasadena for Alleged Sugar Hoarding Set for November 25.

Lyndol L. Young, Assistant United States District Attorney, is preparing for the trial of Hester C. Merritt, Pasadena millionaire, who will go before a jury in Federal Judge Trippett's court, November 26, on a charge of violation of the food conservation law, unless the defense can offer a good reason for postponement. It will be the first prosecution in the food law by the United States District Attorney.

Edward A. Messer will be associated with C. W. Pennington, Jr., in behalf of the defendant. Five 100-pound sacks of sugar that have been in the vault of United States Marshal Walton for some months will be used as evidence against Mr. Merritt. The latter contends that the sugar was purchased by a butler in his employ, who, unknown to him, placed it in Merritt's office across the street from his residence.

SICK BUT READY.

Girl Accused as Forger Says will be in Court, Ill or Well, to Face Charge Monday.

Despite the fact that she is said to be seriously sick with influenza, Miss P. Lane, now out on bail pending her trial on charges of forgery, stated yesterday that "sick or well" she will be ready when her case is called in Superior Judge Craig's court Monday.

Her attorney, Schenck, attempted to secure a continuance, which was not opposed by Dist. Atty. Whalley, but Miss Lane refused to have her case postponed.

She is alleged to have forged the name of Robert L. Wade, manager of the Central Building Company, while employed as secretary, securing over \$1700. Her attorneys are a strenuous battle in the justice courts, but after a preliminary hearing which took ten days, she was held to answer in the Superior Court.

HOUSE OF REPUTATION ISSUE

The suit of Mrs. Anna D. Van Houten for a resolution on a trade for the Arizona rooming-house at First and Hill streets, on the ground that it had acquired a bad reputation, was taken under submission by Judge Avery yesterday.

The defendant is Lester S. Wilbur, who contends that the reputation of the house is good. Billy Matouk, a police sergeant, who was to be the star witness, was not allowed to testify. He rooms in the house.

There was only an incidental reference to the savory trial of several years ago, in which room No. 13 of this house was a leading feature.

SMITH ESTATE.

According to a petition for letters of administration which were filed for probate yesterday Ewing Porter Smith, who died in this city August 4, last, left an estate valued at approximately \$20,000, consisting of real estate in Altadena. The only surviving relative of the deceased is said to be his mother, Mrs. Pearl M. Smith, who requests that she be named administratrix.

Hamburger's
ESTABLISHED 1881

A MAN'S CHRISTMAS!

—There are hundreds of reasons why his Christmas this year should be the best of all his life. No longer is it necessary to think twice before buying. "Peace" has settled that!

—Begin your Christmas shopping for him now. Hamburger's Men's Store is ready with everything he wants.

Ties "His" Favorites

—Men of affairs consider their ties of first importance—

—This is why we give so much time to the selection of Christmas ties for the Men's Store.

—But make selections early—best patterns go first. Prices range 50c, 75c, \$1.00 to \$2.50.

Smoking Jackets and Lounging Robes for "Him"

—Give a man a comfy lounging robe and a magazine, or a smoking jacket and a cigarette, he will be ready to say "Let the world do its worst."

—Why not settle the question now—decide just which you think he will like best—styles, fabrics and colors that he will like.

—Lumping Robe prices, \$5.50 to \$25.00; Smoking Jackets, \$7.50 to \$25.00.
(Hamburger's—Men's Store—Main Floor)

Slippers for "His" Gift

—Naturally, he must have a pair of the comfiest you can find—go with the robe or jacket you have already put on your list!

- Everett Slippers of tan or black kid, \$2.50 to \$3.50
- Kid Slippers—easy style—Brown—\$3.00.
- Felt Slippers—many styles—\$1.15 to \$3.00.
